Submission on 'Plan Change 1 to the Natural Resources Plan

Submitter; Robin Chesterfield Phone 022 651 4928

Address; 33 Tirowhanga Road, Porirua

Submitted by; Robin Chesterfield Email chesterfield369@gmail.com

A Small private forest owner in Porirua.

I have operated a successful forestry business in the Upper Hutt area for over 43 years consisting of 25 Ha of forested land This has been in planting, harvesting and replanting

The forest is registered under the ETS

I support the National New Zealand Farm Forestry Association and the Wellington branch of the New Zealand Farm Forestry Association Submissions in full.

Being a small forest owner, the costs and restrictions under the proposed new rules and requirements would render my forest operation uneconomic and I would receive no further income with the plan changes.

I consider that the proposed rules governing forestry in Plan Change 1 would render the interest I have in my land incapable of reasonable use, and is challenging these rules in accordance with Section 85 of the RMA.

Regards Robin Chesterfield
