

## Guardians of the Bays Inc 15 December 2023

## Submission on Proposed Change 1 to the Natural Resources Plan for the Wellington Region, October 2023

## Introduction

Guardians of the Bays (GOTB) is an incorporated society that represents concerned Wellington residents working to reduce the adverse effects that arise from Wellington airport on an isthmus surrounded by either sea or predominately residential neighbourhoods. GotB objectives are to reduce the adverse effects that arise from Wellington airport including proposed runway extensions, expansions, increased aircraft and land transport movements and other related activities on the environment. The adverse effects may include but are not limited to coastal reclamation, emissions, noise, stormwater, reduction of visual and landscape amenity and neighbourhood disruption.

This submission is limited to the airport, the Lyall Bay and Evans Bay catchments.

## Submission

We support the direction of Plan Change I to the Natural Resources Plan for the Wellington Region.

We support stronger environmental regulation of what is put into our rivers, streams and stormwater into the sea.

We support the suite of big picture water objectives for freshwater and coastal water.

A spreadsheet with our stance on different sections of the plan is part of my submission (see attached). Please note we was unable to do bold track changes on my spreadsheet so had to use CAPITALS instead for any new words.

*Submitter Name: Full name, or Name of Organisation / Company  Contact person for submission: (If different to above)  Telephone no: (Not required)  *Address for service: (Email, or physical address) Please note, an email address is the preferred method  *I wish to be heard in support of my submission at a hearing  *I would consider presenting a joint case at the hearing with others who make a similar submission  *I could gain an advantage in trade competition through this submission Only answer this question if you answered 'yes' to the above question. I am directly affected by an effect of the subject matter of the submission that: A) adversely affects the environment; and B) does not relate to trade competition or the effects of trade competition  In providing a submission to Greater Wellingtion, I agree to having read and understood the terms and procees outlined in this Information Statement  If providing a submission on behalf of a company / organisation I confirm that I have authority to do so:  Guardians of the Bays Inc   Salect A or B  Guardians of the Bays Inc  The Dec-23	Please enter your details below

	Objective O19: Biodiversity, aquatic ecosystem health and mahinga kai in fresh water bodies and the coastal marine area are safeguarded.	Amended	Amend	Part 1 Schedule 1	Objective O19 Biodiversity, aquatic ecosystem health and mahinga kai in freshwater bodies and the coastal marine area are safeguarded such that:  (a) water quality, flows, water levels and aquatic and coastal habitats are managed to maintain AND IMPROVE BIODIVERSITY, aquatic ecosystem health and mahinga kai, and  (b) where an objective in Tables 3.4, 3.5, 3.6, 3.7 or 3.8 is not met, a freshwater body or coastal marine area is meaningfully improved so that the objective is met
					within a reasonable timeframe, and (c) restoration of aquatic ecosystem health and mahinga kai is UNDERTAKEN AND REQUIRED WHERE LAND IS DEVELOPED THAT CONTAINS FRESHWATER BODIES.  Note For the purposes of this objective 'a reasonable timeframe' is a date for the applicable water body or coastal marine area inserted into this Plan through the plan change/s required by the RMA to implement the NPS-FM 2020, 2035 if no other date is specified by 31 December 2026.
